FULL-TIME PROGRAM

Training

Southern California Tennis Academy's full-time program is designed for serious junior players who aspire to earn NCAA Division 1 scholarships and/or play on the professional tour. SC Tennis Academy has a system of training that includes all of the following disciplines on a daily basis: highly informative group tennis training with individual attention, daily sets play, competitive live-ball drilling, and dynamic fitness training for endurance, speed and agility. This program is designed for a maximum of 20 players who will work with Mitch and his assistant coaches. Players will have school in the mornings with the following available options: public school at Los Alamitos High School from 8 a.m. to noon daily, private school at Anaheim Discovery Christian in Anaheim from 8:30 a.m. – 1:20 p.m. or participate in On-line school. Players will have tennis training from 2:00 p.m. to 5:30 p.m. Monday – Friday, with fitness training from 5:30 – 6:30 p.m. Fitness ranges from court sprints, plyometrics, jump rope, strength training, soccer, ultimate frisbee and basketball. SC Tennis Academy is highly focused on developing the overall athlete. We also train Saturday mornings from 9:00 a.m. – noon when not in tournaments.

Daunte Harris, 5 Star Sr. Class

Coach Mitch Bridge & USC Head Coach Peter Smith

Eric Hahn, #30 TRN Jr. Class

SC Tennis Academy gives players everything they need to perform at the highest level. In addition to all of the training, players will be competing on the Southern California Junior Circuit on the weekends with our coaches attending all events on the SCTA calendar. With a maximum of 20 players in the program, everyone will receive the attention he or she needs to become the player they've dreamt of being. Players can push each other and motivate one another as well as make the tennis enjoyable because of the social aspects. This type of training is both individual and group-the best of both worlds because you learn from other players as well.

Academics

Being a strong student is as much a part of this program as playing excellent tennis. Los Alamitos High School is one of the top public schools in this area with an entire curriculum of AP classes if desired. At the player's expense, an additional on-line course will be needed per semester to fulfill the academic requirement. For those players wanting a private school education and for all international students, Anaheim Discovery Christian School will be your school. ADCS is a small, private school and players of all faiths are welcome. On-line students will study at the clubhouse from 8:00 a.m. to noon daily. We will also have study hall hours from 8:00 p.m. to 10:00 p.m. Tutorial services will be provided at the student's expense at Kumon Learning Center near LAHS. All players are pushed to maintain a minimum 3.0 GPA.
